

The Greater London Authority (GLA) funds a number of safe accommodation services for survivors of domestic abuse through two workstreams:

The services set out in Tables 1 and 2 have been commissioned as part of the GLA's statutory duty under **Part 4 of the Domestic Abuse Act 2021** to support survivors of domestic abuse survivors in safe accommodation.

- Table 1 sets out the services provided through continuation grants: in 2021-22, we grant-funded 21 London boroughs and nine service providers to enable them to continue in 2021-22 services directly funded by DLUHC in 2020-21. We have continued funding these services in 2022-23.
- Table 2 sets out the services that have been called off the GLA's framework of service providers that was procured in 2021-22.
- The services set out in Table 3 are provided through the **Mayor's Move On Programme**, which provides both accommodation and support for domestic abuse survivors.

Table 1 Continuation grants
