From: Senior Advisor to the Deputy Mayor for Transport

To: UK Statistics Authority

Your message has been passed onto me; I'm Senior Advisor to the Deputy Mayor for Transport in the Mayor's office.

I can give you a call if you're working this afternoon?

To: Mayor of London

Good afternoon team

I wanted to speak to the Mayor's office about concerns that have been raised with us about his claims in the Assembly and on broadcast media about the 108 bus route, on the subject of its waiting times and reliability.

I'm happy to take a call either side of 3-4pm today or anytime tomorrow on the number below – could you let me know if that's possible please?
