Dear Stephen,

**The Mayor’s Police and Crime Plan – Police and Crime Committee response**

As you are aware, the Committee sent the Mayor its response to the draft Police and Crime Plan. We acknowledge receipt of the Mayor’s initial response to our report, which was provided to coincide with the publication of the final Plan. The Mayor’s response and changes made to the final Plan demonstrate that our response has had a positive impact on the final publication.

At the Committee’s meeting on 28 March, Members formally ratified the Committee’s response. We also had a useful discussion regarding the proposals in the final Plan. The Committee would now welcome a fuller response to its recommendations from MOPAC. This response should address each recommendation in turn as this level of detail was not provided in the Mayor’s response, despite being customary in responding to Assembly reports. I enclose an example of a report response which represents good practice for your information.

We look forward to receiving your response to our recommendations and any other comments you have on our report. **Please send your response by 15 May 2013**, and cc Claire Hamilton, Scrutiny Manager ([claire.hamilton@london.gov.uk](mailto:claire.hamilton@london.gov.uk)).

Yours sincerely

Chair of the Police and Crime Committee
