About the Carbon Offset Funds Report 2021

In late 2021/early 2022, London's 35 Local Planning Authorities (the 32 boroughs, the City of London Corporation, the London Legacy Development Corporation and the Old Oak & Park Royal Development Corporation) responded to the GLA's carbon offset fund survey.

This report summarises the findings, including the value of funds, expenditure, the types of projects being selected for funding, the governance and monitoring arrangements that are in place and concludes with recommendations for LPAs.
