<td>Full London</td>
<td>The aim of the JESSICA scheme is to establish a €10bn investment vehicle – JESSICA Holding Fund - that will provide repayable and grant-based investments for environmentally sustainable small and medium-sized enterprises in the EU. It will help to address the funding gap for green economy and supply environmentally sustainable products and services. The scheme will be implemented by a network of European Investment Banks and will focus on the following priority areas: renewable energy, energy efficiency, resource efficiency and pollution prevention.</td>
