

re New London Plan

Mr. Sadique Khan,
Mayor of London,
GLA City Hall,
London Plan Team,
Box Point 18

11 JNP 18

3/1/18

Dear Mr. Khan,

I wish to respond to the consultation on the
New London Plan

Havering is Essex not London geographically.
I want it to remain Essex in character. I value London
and like to visit it but - I do not live in it.

If the Mayor's New London Plan is applied
to Havering, it should:

- preserve all of the Green Belt in Havering;
- have housing targets in line with those of
Havering Council's plan;
- ensure that any new housing is very well built,
and what people want to live in, and to live near, and
this especially applies to social housing.

I do not see why we need the New London Plan in Havering
as well as Havering's Council Plan, unless it brings some benefit
and not just controversy. Yours sincerely

(MRS. J. K. ATKINS)
