Section: [H1](#)

Boroughs should be told to prioritise not just optimise the use of brownfield sites.

Section: [4.1.6](#)

As most of the homes marketed to overseas clients will be on the higher end of the market, this policy will in no way improve the availability of housing for first time buyers.

If anything it will encourage buy to let.

Section: [G2](#)

I support the policy of maintaining and if possible increasing the availability of green belt land.

As we build more and more houses and our communities expand we should ensure we maintain our green belt land to support these additional homes.

Section: [8.3.1](#)

It is important to maintain a good balance between additional housing and green open spaces for the new and existing homes.
