

Mr Andrew Cole comments

Page: [Policy H1 Increasing housing supply](#)

Section: [N/A](#)

I am concerned that the increase in housing stock proposed in the London Borough of Richmond is excessive. There is little space for development in the borough and few, if any, suitable sites for additional schools to serve the increase in population not to mention the impact on health provision and transport. The borough simply can not take the increase in houses stock required which would require more space than is available.
