Subject: Consultation system'

I am very unhappy and strongly oppose to the following Policy h1 and e4

Why would you want to over populate the area which is already struggling with school doctors and hospital. I have lived in the area my whole life 48 years and it has never been this bad. I use the A13 every day for work which takes me an hour to go 7 miles. Now u are putting houses in between the old A13 and new A13 which we only make the roads more congested. Something the area doesn't need. Where are all the additional jobs coming from for the people. I live opposite a junior school which is over allocated. All the parents drive there children to school causing problems with traffic down my road and near accidents everyday but people parking wrongly or on the main road. Why are we trying to make this area so populated.
