

Mr Martin Gem comments

Page: [Policy H1 Increasing housing supply](#)

Section: [N/A](#)

I am concerned regarding the number of houses that the Mayor is proposing that the London Borough of Sutton will have to build. I believe that this number can be achieved only by building in back gardens and possibly also in parks. I value green spaces and they make a contribution to combatting climate change. I consider that it will also adversely affect the character of the Borough.

Please reconsider.
