Dear Mayor of London/GLA,

I had registered with the comments website but needed to reset my password but no link came through to my email.

So I am sending my comments here.

5.5.2

Please include plans for swimming in the River Thames. Other cities have made their waters swimmable. London Waterkeeper sets this out on our website <http://londonwaterkeeper.org.uk/a-thames-fit-to-swim>

8.1.1.

There needs to be much greater detail on the way that London will prevent river pollution from new developments. For example new car parks should all send their surface water run-off through SuDS.

9.16.1

Swimming in the Thames need to be added to this section.

Policy T1 Transport.

This needs to add measures that will reduce the damage that road run-off causes to rivers in London.

Kind regards,

Theo Thomas
