**Subject:** Building in Havering

H1

I oppose the proposed 60% increase in Havering's Housing targets. This will lead to the overdevelopment of existing and new developments leading to poor service provision (transport and infrastructure) and insufficient parking spaces.

Policy E4

I oppose the proposed 'limited release' (loss) of part of the industrial/employment land in Havering (Rainham Development Area) for housing etc. which is counter-intuitive to an increase in our local infrastructure.

We are the only London Borough with any significant open space, taking it away will deplete the quality of life of residents, will harm and reduce natural habitats for wildlife and create a concrete ghetto.

Please stop building in an area with minimal policing and ever increasing crime rates. This number of homes will create huge estates which will just add to the problems of a deprived area.

Regards

Ena Risby
