Dear Michael,

As the CEO of London & Partners, I am writing to express my support for the Old Oak Development. London & Partners is the Mayor of London's official promotional agency. We exist to support the Mayor's priorities by promoting London internationally as a leading world city in which to invest, work, study and visit.

We believe the scale of opportunity at Old Oak is immense. It has the potential to create a brand-new centre in West London that will enable the further growth of the London and UK economy, with the area being identified as having the capacity to deliver 65,000 jobs and 25,500 homes.

The Old Oak project is a vitally important regeneration project and is one of the largest regeneration opportunities in Western Europe. This Housing Infrastructure Funding bid from OPDC and the GLA presents an incredible opportunity to kick start the transformation of over 134ha of brownfield land and to support the delivery of an exemplar new community.

Investment by Government in this programme will help to deliver on many of the priorities outlined in both the London Plan and in OPDC's Local Plan, which seek to ensure that regeneration in Old Oak benefits surrounding communities as well as delivering growth across London and the UK.

We fully support the benefits this public-sector investment in the Old Oak North Programme would bring.

Yours sincerely
