Introduction and Background

Small Sites, Small Builders

The Greater London Authority's Small Sites, Small Builders programme aims to bring forward small publicly-owned plots of land for residential development by small-sized housebuilders, housing associations, community-led housing groups and other small-scale developing organisations.

As part of this programme, the London Borough of Hounslow is releasing a number of small sites to the market, specifically for sale to Registered Providers.

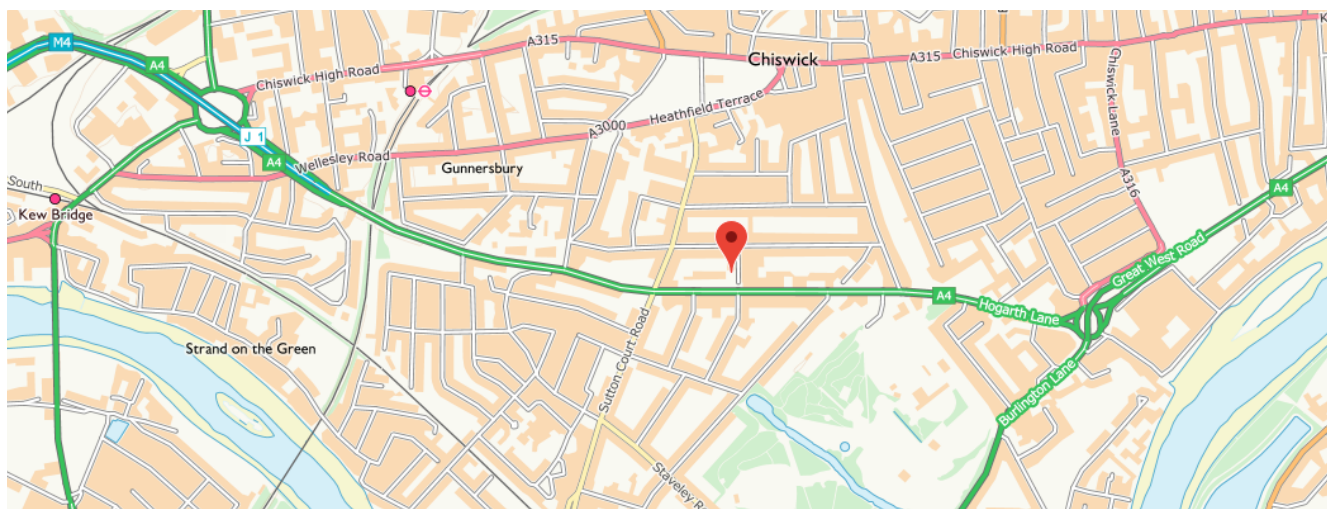

Description and Location

The site is a corner plot located along Garth Road in Chiswick, to the west of Garth Court.

It is approximately 0.6 miles away from both Chiswick Park Underground Station to the north and Chiswick Railway Station to the south. The former is served by the District line, while the latter offers regular South Western Railway trains to London Waterloo. The local bus network is accessible from nearby Sutton Court Road.

The predominant use in the surrounding area is residential, with a number of schools and parks within 0.5 miles' radius of the subject site.

In total, the site is approximately 0.09 acres (0.0373 ha) in size and comprises two rows of garages, hardstanding and amenity grassland. The site is bound by the side wall of an end of terrace house to the north. The eastern and southern site boundaries run alongside Garth Road and Garth Court, respectively. The flatted blocks of Garth Court sit to the west of the site.

Site Details

Planning

The site is not subject to use class allocations, and does not form part of any conservation areas. However, it is located in an Area of Special Character.

The characteristics of the wider area will need to be given due consideration in any design proposal for the site.

Important to note

- The site is part of an Area of Special Character.
- The site is located in Flood Zone 3.
- All neighbouring properties are residential and as such would need to be assessed for sunlight and daylight.
