|-------------------------------------|--------------------------------|---|
| PHV.12.01 | M1 A | A The implementation of the London Plan will be kept under review using, in particular, the Key Performance Indicators set out in Table 12.1 and reported in the Annual Monitoring Report. |
| PHV.12.02 | 12.1.2 | ... The KPI figures will be accompanied by commentary that may also include additional corresponding performance figures. The AMR will also monitor a range of other data, beyond the new set of fewer, more strategic KPIs, compared to the previous Plan. that is relevant to understanding the implementation of the Plan in the wider context, and to inform future reviews of the Plan. |

| PHV.12.06 | M1 Paragraph 12.1.5 | The AMR is not the only tool to monitor London's performance. It is complemented by the monitoring arrangements for the other Mayoral Strategies and other thematic reports including, for example, the Energy Monitoring Report and TfL's Travel in London Report. Their indicators do not necessarily need to be duplicated in the AMR. |
| PHV.12.07 | M1 Paragraph 12.1.6 | However, AMRs will include commentary on some contextual indicators that are influenced largely by factors outside the planning system. This includes, for example, outcomes that are measured via other Mayoral Strategies, but which provide a better contextual understanding of potential effects of the policies of the Plan. All quantitative measures mentioned in this Plan will be referenced in the AMR. |
