Surface Water Flooding 1 in 100 years:

The Council's Local Plan, Environment Agency flood data and Harrow's Strategic Flood Risk Assessment show that this property is located within an area at risk of flooding. Flood risk is classified as medium probability (Zone 2), high probability (Zone 3a - 1 in 100 years) and the functional floodplain (Zone 3b - 1 in 30 years). In agreement with the Environment Agency properties falling within Zone 3b will be treated as Zone 3a. This property may be wholly or partly covered by one or more of these classifications. Harrow may place certain objections, conditions and mitigation measures on development within areas at risk of flooding dependent upon flood probability and the vulnerability or compatibility of the development to flooding.

In 2009 the Government transposed the European Floods Directive 2007/60/EC into a Statutory Instrument called the Flood Risk Regulations (FRR) which required Council's to undertake a Preliminary Flood Risk Assessment (PFRA) to measure and subsequently manage flood risk and hazard from all sources.

An essential part of this work was to produce flood risk and hazard maps which have been designated as Critical Drainage Areas (CDA's) and published in our Surface Water Management Plan (SWMP). The CDA descriptions can be viewed on page 46 of Volume I of the Surface Water Management Plan at <https://www.harrow.gov.uk/www2/documents/s95652/SWMP%20-%20Vol%201.pdf> and includes information on how the Council is mitigating flood risk and climate change.

Using the legend tab you can view the CDA maps at <http://harrow.addresscafe.com/app/exploreit/>

**Standard Information/Disclaimer**

**Addendum**

**CON29 PART 1 INFORMATIVES**

**Question 1.1(a)-(i)**

The Local Authority's computerised records of Planning Decisions do not extend back before 1947 and this reply covers only the period since that date.

**Question 1.1(j)**

The Local Authority's computerised records of Building Regulation decisions do not extend back before 1985 and this reply covers the period since that date. Building Regulation applications with a prefix of IN are administered by private Building Control Services (Approved Inspector) and enquiries should be made of the seller.

**Question 1.1(l)**

The local authority may not always be aware of such works and enquiries should also be made of the seller.

**Question 2.1**

If a road, footway or footpath is not a highway maintained at public expense, there may be no right to use it and the Local Authority cannot express an opinion without seeing the title plan of the property and carrying out a site inspection.

If a Highway Extent search is required, this can be obtained from [infrastructure@harrow.gov.uk](mailto:infrastructure@harrow.gov.uk) at a cost of £30.00.

**Question 2.2**

Additional public rights of way (e.g. cycle tracks) may exist other than those shown on the definitive map. If in doubt please contact [infrastructure@harrow.gov.uk](mailto:infrastructure@harrow.gov.uk) for further information.

**Questions 3.1 - 3.15**

Matters already dealt with on the Local Land Charges Register will not be revealed as an answer to this enquiry.

**Question 3.4**

A mini roundabout is a roundabout having a one-way circulatory carriageway around a flush or slightly raised circular marking less than 4 metres in diameter and with or without flared approaches.

**Question 3.5**

If this property sits near to the local authority boundary, enquiries are therefore advised to seek further information from the neighbouring Local Authority.

**Question 3.6**

In some circumstances, road closures can be obtained by third parties from magistrate's courts, or can be made by the Secretary of State for Transport without involving the Local Authority.

This enquiry is designed to reveal matters that are yet to be implemented and/or could not be ascertained by a visual inspection. Schemes that have, or are currently implemented will not be referred to in answer to the enquiry. If this property sits near to the Local Authority boundary, enquirers are advised to seek further information from the neighbouring Local Authority.

**Question 3.9**

The Historic Buildings and Monuments Commissions (English Heritage) also had the power to issue building preservation notices for listed buildings in London Boroughs. Further information can be obtained from Historic England, 1 Waterhouse Square, 138-142 Holborn, London EC1N 2ST.

**Question 3.13**

A negative reply does not imply that the property or any adjoining or adjacent land is free from contamination, or from risk of it, and the reply may not disclose steps taken by another local authority in whose area adjacent adjoining land is situated.

**CON29 PART 2 INFORMATIVES**

**Question 8**

You are advised to seek further information from <http://www.linesearchbeforeudig.co.uk> LinesearchbeforeUdig (LSBUD) is a free to use Internet based enquiry service available 24/7. It provides a single point of contact for all enquiries relating to the apparatus owned and/or operated by the Asset Owners protected transmission/distribution gas networks, oil pipelines, and fibre optic networks.
