OPDC
OLD OAK AND PARK ROYAL DEVELOPMENT CORPORATION

Delivery and Implementation

Strategic Policy 10 Integrated Delivery

Sets out policy to enable a comprehensive, coordinated and integrated approach to development and infrastructure

Delivery and Implementation Policies

Sets out different policies as follows:

- **DI1 -** appropriately balance the priorities for affordable housing, infrastructure delivery and sustainability standards with the needs for deliverability and securing the timely regeneration of the area
- **DI2 -** ensure development proposals are being brought forward as early as possible and secure the timely delivery of infrastructure required to support the needs of development
- **DI3 -** proactively engage with stakeholders and encourage active participation in the planning and delivery of development
- **DI4 -** use OPDC's development management functions, develop planning policy and use compulsory purchase powers, where necessary and appropriate, to support the timely, coordinated and comprehensive regeneration of the area
