The Big Picture

Strategic Policy 1
Catalyst for Growth
Sets out policy to support the delivery of the new strategic transport hub and interchange at Old Oak Common, support the delivery of a new part of London and provide a range of land uses.

Strategic Policy 2
Good Growth
Sets out policy to establish high standards for sustainable development at appropriately high densities by delivering:
- lifetime neighbourhoods
- low carbon development
- high standards of place making, urban design and architecture
- robust management of buildings and spaces
- advanced and efficient construction
- a smart and resilient part of London
- resource efficiency, the circular and sharing economy
- proactive engagement with and delivering benefits to local communities.

Strategic Policy 3
Improving Health and Reducing Health Inequalities
Sets out policy to improve health and reduce health inequalities through:
- the design of buildings and spaces
- providing access to facilities and services that support health, wellbeing and healthy lifestyles
- requiring applicants to submit Health Impact Assessments

1. Sustainable development 2. Lifetime Neighbourhoods 3. Innovation in transport

1. High quality open space 2. Integrating healthy travel options
