

Transport

Strategic Policy 7 Connecting People and Places

Sets out policy to implement OPDC's sustainable transport hierarchy to create a high quality, safe and accessible movement network

Development Management Transport Policies

Sets out different policies as follows:

- **T1** - support and deliver a street network across Old Oak and Park Royal that is an exemplar for the 'Healthy Streets' approach
- **T2** - deliver or contribute to new and enhanced walking infrastructure
- **T3** - deliver and / or contribute to new and existing cycle networks
- **T4** - promote a modal shift towards sustainable transport modes through appropriate car parking management
- **T5** - deliver and / or contribute towards rail infrastructure (including stations) and capacity
- **T6** - facilitate, deliver and contribute to bus infrastructure
- **T7** - provide measures to coordinate and reduce freight, servicing and delivery trips
- **T8** - carry out construction sustainably and manage impacts
- **T9** - provide transport assessment and travel plans in accordance with Transport for London guidance
