

Sutton, 26<sup>th</sup> February 2018

To: Sir Sadid Khan  
(Mayor of London)

We have moved from Wandsworth borough to Sutton at Benhill State as we wanted to raise our family in a nice, pleasant place and with more space as a family needed. How can we survive with 1 and 2 bedrooms flats in the area, if Sutton is considered one of the best place in South East to raise a family?? And good schools???

Would you like to move in a smaller place with your family?

We do need affordable 3 bedrooms flats built in the area for families and we are sure that can be done.

Please, please do consider our comments and put your heart into families lives after making any decision because the family is the most precious thing that exist in live.

Yours faithful,

Adriana Flach
