Subject: Invitation to Boris Johnson to speak to EMIG business leaders about the EU Referendum on the afternoon of Monday May 9th at the Royal Society
Importance: High

Dear [REDACTED]

You may recall we met at an OBN event in the early autumn last year. I hope all's well with you and the Mayoral campaign!

Our next EMIG quarterly business meeting is on the afternoon of Monday May 9th at The Royal Society. This normally attracts about 100 of our senior business leaders (MDs, CEOs, GMs). This time, members have asked us to see if it would be possible to have selected politicians and business leaders come and air their views on the EU Referendum. We wrote to Boris at his Westminster office about this some 6 weeks ago, but have not received a response. Would you be able to find out for us if he'd be willing to come and talk to our members in his capacity as Mayor of London?

To recap who we are and what we do; run by Leslie Galloway (Chairman) and me (R&D Director), EMIG represents the interests specifically of a large number of 'with sales' small and mid-sized biopharmaceutical companies in the UK. I attach a very short summary about us, FYI, and am happy to answer any additional questions that you might have.

I do sense a prevailing air that supports staying in amongst our members, and that leaving would herald economic disaster. So, it would naturally be great if someone with Boris' credentials could come and provide a view to the contrary!

Thank you for giving this consideration and I look forward to hearing from you in due course.

All the best

About EMIG

EMIG is the biopharmaceutical trade association that is the voice of 250+ companies and organisations, mostly SMEs, based in the UK. It represents a wide range of members from start-ups, whose prime focus is often research and development, to highly developed businesses delivering essential products to patients and the NHS. Indeed, EMIG members provide about 40-50% of all branded medicines, by volume, supplied to the NHS. Importantly, approximately 90% of its biopharma members are represented only by EMIG at trade body level. In addition to biopharmaceutical companies and their associated commercial service providers, EMIG also has patient groups, research charities, and universities in its membership, and their membership is free of charge. This enables EMIG to represent the views of our pharma members but balance these with views from a wider stakeholder group, including the interests of patients and the NHS. We therefore strive to adopt a more independent and holistic approach to policy matters. This rich blend also facilitates knowledge, understanding and information exchange between a diverse range of organisations involved in the life sciences that, without this as an enabling platform, might not otherwise occur.

Its core personnel are Mr Leslie Galloway (Chairman) and Dr Mark Edwards (R&D Director), who collectively have over 60 years of experience in the life sciences industry. Their central modus operandi is predicated on delivering value to all EMIG's members and stakeholders via action-oriented pragmatism.

Summary

- EMIG has 250+ Member companies and organisations.
- Fifteen elected member companies comprise the Steering Group + the Chairman + R&D Director + Legal Adviser + Eric Low, CEO of Myeloma UK.
- 80% are SMEs, 10% are biotechs and 10% are 'big pharma' - less than 10% belong to other trade bodies. EMIG members provide 40-50% of branded medicines in the UK.
- EMIG represents its Members on a range of issues such as Market Access and PPRS with Government and officials. We are currently working closely with OLS on the Accelerated Access Review and with NHS England on the new Cancer Drugs Fund.
- Our Top 10 issues, on which the organisation focuses, are determined by the membership.
- EMIG has a 'one vote, one fee per biopharma member' policy – irrespective of the size of the company. This represents the word "ethical" in our name.

- The EMIG 'network' is comprised >1000 people from Member companies and it is where Members can submit anonymously, via the Chairman, a question on any business issue or seek a business partner, and we have many examples of its effectiveness.
- Our secretariat is managed by a communications company, Dhalion Communications.
- We hold Quarterly Meetings for the general Membership at The Royal Society in central London – usually attended by CEOs, FDs, directors and attract c. 100 people.
- Leslie is Vice President of EUCOPE (www.eucope.org) which enables EMIG to influence issues at EU level and engage with SMEs across the EU. He has also recently been invited by NICE to join their Centre for Clinical Practice as an Expert Adviser which reflects the strength of our relationship with NICE.
- Mark represents EMIG & Industry on a range of public & charitable sector committees, with lead organisations including the CRN Children, HRA, Innovate UK, MHRA, OLS (for EAMS) & SWAHSN.

Value

We also have a number of sub groups that meet quarterly and at no extra cost:

- Business Development Group
- Directors' Forum
- HR Group
- Ireland Group
- Legal Group
- Market Access Group
- Medical & Scientific Group
- Regulatory, Safety & Quality Group

Dear Mr. Johnson,

We are delighted to invite you to a debate at the House of Commons organised by a number of European parties with branches in the UK and with the participation of members of the Labour Party, the Conservative Party, the Lib Dems and UKIP. The debate will be about Brexit and its impact on Europe and the European citizens living in the UK.

What if there were a Brexit? Would opening up the UK economy to trade with the rest of the world mean exposing UK firms and workers to whole new levels of competition? What does the future hold for the millions of British citizens living in the EU? Is it a stark choice between partial loss of sovereignty and full membership, or independence and being on your own? Would the financial sector in the UK suffer from the UK's loss of voting rights in the EU? Those and many other questions will be discussed at our debate organised by the UK branches of Partito Democratico, the Bulgarian Socialist Party, the German SPD, the French PS and the Dutch PS.

We hope that you will be able to join us in what is going to be a very interesting and fruitful discussion.

Best regards

Meeting request from Scandinavian pension funds and Swedish corporates in London, May 2016.

Dear Mr Boris Johnson,

My name is [REDACTED] and I work in the Institutional Sales team at Nordea Markets in Stockholm. Nordea has received a request from some of the largest pension funds and corporates in Scandinavia to organize a one-day trip to London to meet government agencies regarding a potential Brexit.

In January, Nordea arranged a study tour for a senior group of investors where we met with the Ministry of Finance in Belgium (Johan van Overtveldt), the European Council and the European Commission. We also arranged meetings with the ECB, the Bundesbank and the National Bank of Belgium. During this study tour a number of the participating investors expressed interest in taking part of a similar trip to London.

As you may know, the Scandinavian pension funds have significant holdings and interests in British government bonds as well as other British assets. Also, a few Swedish corporates have large exposure in Sterling, which would make a meeting with you very valuable and interesting.

The investors would be interested in your views on monetary and fiscal policy if the British people vote for a Brexit. We like to hear your view on "Plan B" if Brexit becomes a reality.

We would be very grateful if you could find the time to meet us. Our suggestion would be to invite 10 senior representatives from various Scandinavian pension funds and corporates for a brief speech and roundtable discussion lasting approximately 1 hour. We hope we can arrange this meeting week 20, (Monday 16th – Friday 20th of May), depending on your availability that week.

We would be greatly honored to meet you and look forward to hear from you soon.

Yours Faithfully,

Christoffer Bonde

Subject: Invitation to EU referendum debate at Sadler's Wells

Dear Boris,

In the run up to the EU referendum in June, I would like to invite you to take part in a debate on the subject we will be hosting at Sadler's Wells in May.

In spring last year, we held a successful local election hustings, which offered our community the opportunity to meet all the candidates standing for election in Islington South and Finsbury and ask them about their plans for the constituency. The event was attended by almost 100 people.

On this occasion, we are inviting you, Boris Johnson and two other speakers – who will be high-profile, Islington-based business figures – to participate in a public meeting about the EU referendum. The aim of the event is to provide an opportunity for Islington residents to hear arguments both in support of and against British membership of the EU and ask questions to the panellists. BBC journalist Nick Robinson, also an Islington resident, has agreed to act as independent chair to facilitate the conversation, giving speakers an opportunity to answer the questions put to them and respond to each other's points.

The debate will be held in the Rosebery room on one of the following dates, depending on the availability of most speakers:

- Tuesday 3 May
- Sunday 8 May
- Monday 9 May
- Monday 16 May
- Monday 23 May

I very much hope you will be able to join us. If you are, please let us know which date would be most suitable for you among the ones listed above.

I look forward to hearing back from you soon.

Best

Dear Boris,

I am [REDACTED] I currently chair the Friends of Blackheath Halls. We want to stage a debate between both camps on the Referendum. We will be able to provide an audience of up to 600 in our main hall where we would stage the debate. It is a first class venue and we are used to accommodating broadcasters.

The Hall is available on April 14 and we would like to invite you to represent the Leave campaign.

If you would be willing in principle but are unable to do that date it would be helpful to know what availability you might have or the name of a person with whom I might liaise.
