Introduction and Background

Small Sites, Small Builders

The Greater London Authority's Small Sites, Small Builders programme aims to bring forward small publicly-owned plots of land for residential development by small-sized housebuilders, housing associations, community-led housing groups and other small-scale developing organisations.

As part of this programme, the London Borough of Hounslow is releasing a number of small sites to the market, *specifically for sale to Registered Providers*.

Description and Location

The site is located on Beech Avenue in Brentford, adjacent to Number 48.

It is approximately 0.4 miles to the east of Syon Lane Station, which is served by regular South Western Railway trains to London Waterloo, Weybridge and Mortlake. The local bus network is accessible from nearby London Road.

The predominant use in the immediate locality is residential. The wider area is mixed use, with a number of commercial properties along Great West Road and a temple on Beech Avenue.

In total, the site is approximately 0.035 acres (0.014 ha) in size and comprises a row of six garages and hardstanding. The north western site boundary runs alongside Beech Avenue, with a semi-detached property on the other side of the street. An empty plot used for car parking and surrounded by a fence sits to the north east of the site. A semi-detached house and associated rear garden border the site from the south east. The site is bound by the front garden of a semi-detached house to the south west.

Site Details

Planning

The site is not subject to use class allocations, and does not form part of a conservation area.

Important to note

- The site has potential to contain archaeological remains. The Greater London Archaeological Advisory Service should be engaged early in the planning process.
- A number of neighbouring properties are residential and as such would need to be assessed for sunlight and daylight.
- A surface water sewer and water main are located just outside the northern boundary of the site.
- The site is subject to rights benefitting adjoining tenants and third parties.
- A number of service media apparatus fall within the boundaries of the site.
