Dear James

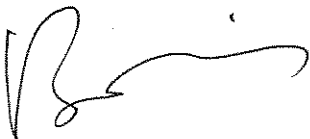

Disposal of the former fire station site at Southwark

I am delighted to inform you that Hadston has increased its bid for the former fire station site at Southwark so as to enable me to proceed with my plans for part of the site to be used for a school.

I know that this also represents the desired outcome for LFEPA Members and the local borough so I trust the sale to Hadston can proceed without interruption and according to the timetable set out in the enclosed direction.

I also enclose a letter of comfort which should be viewed as a binding commitment from the office of the Mayor of London – a commitment which naturally will be honoured in full both by me as the current Mayor and by future Mayors.

Yours ever,

Boris Johnson
Mayor of London
