Agenda

Panel's Opening Announcements

M45. Conserving and Enhancing the Historic Environment

M45. Would Policy HC1 provide an effective and justified approach to conserving and enhancing the historic environment? In particular:

- a) Would it provide sufficient detail to guide London boroughs in developing evidence that demonstrates a clear understanding of London's historic environment?
- b) Would the approach to development management be effective, justified and consistent with national policy in relation to designated and non-designated heritage assets?

M46. World Heritage Sites

- a) Would Policy HC2 provide an effective and justified approach to the conservation, promotion, active protection and interpretation of the outstanding universal value (OUV) of world heritage sites (WHS)?
- b) Would Policy HC2 provide sufficient detail on the approach to 'setting' and 'buffer zones'?

M47. Strategic and Local Views

M47. Would policies HC3 and HC4 provide an effective and justified approach to protect and enhance the composition and character of strategic views and their landmark elements in London? In particular:

- a) Would Policy HC3 be an effective and justified strategic framework for the preparation of local plans and neighbourhood plans in relation to the protection of those views?
- b) Policy HC3G and para 7.3.6 refer to local views. Are 'local views' a strategic matter? If so, what is the justification for giving such views the same degree of protection as strategic views? In this regard, would the policy be effective?
- c) Would the criteria in policy HC4 provide an effective and justified basis for development management? Would they provide sufficient clarity to enable a decision maker to reconcile competing considerations?
