Dear Keith

**Response to London's Cycling Infrastructure**

Thank you for your letter to the Mayor of 23 March 2018 and thank you also for continuing to lead the Transport Committee's excellent work on improving cycling in London.

Enabling more people to cycle more often by making our roads safer is a top priority for the Mayor and also for me as his new Deputy Mayor for Transport. Your ongoing scrutiny of our plans is a crucial part of their delivery.

I attach a response to the seven recommendations contained within the report.

Yours sincerely,

**Heidi Alexander**

Deputy Mayor for Transport
