				Торіс	ST (0-4 years)	9	LT (10+ years)	Direct (D) or indirec t (I) effects	Tempo rary (T) or Perma nent (P)	Spatial context: Local (L), Greater London (GL), Wider Region (WR)			
1	Equality and Inclusion	fair and inclusive city where every person is able to participate, reducing inequality and disadvantage and addressing the diverse needs to the population	Reduce poverty and social exclusion Promote a culture of equality, fairness and respect for people and the environment Promote an inclusive design approach ensuring a barrier free environment for all, especially disabled people Provide opportunities for Londoners to actively participate in the city's life, decision making and communities Provide opportunities for Londoners of every background to connect	EqIA	÷	+	÷	I,D	T,P	L,GL,WR	Low income: Y Disability: Y Age: Y Sex: N Race: N Religion: N Sexual orientation: N Gender reassignment: N Marriage & civil partnership: N Pregnancy & maternity: Y	The policy supports addressing spatial inequalities in the delivery of digital infrastructure. The policy supports affordable and equitable access, particularly in terms of addressing E-exclusion through the 'not-spot' pilot. This is likely to support a culture of equality in future service provision, and ensure all Londoners can actively participate in opportunities. Ensuring fast, high quality mobile connections are maintained and providing digital infrastructure, may also benefit those working from home, such as those with less mobility, carers, parents, or those on parental leave, as well as those on low-incomes.	equal participation and social inclusion. The policy also complements policies that support the development of innovative technologies and creative industries, which can boost
2	2 Social integration	has socially integrated communities which are strong, resilient and free of prejudice	Promote an inclusive design approach ensuring a barrier free environment for all, especially disabled people Provide opportunities for Londoners to actively participate in the city's life, decision making and communities Provide opportunities for Londoners of every	EqIA	+	+	+	I,D	T,P	L,GL,WR	Low income: Y Disability: Y Age: Y Sex: N Race: N Religion: N Sexual orientation: N Gender reassignment: N Marriage & civil partnership: N Pregnancy & maternity: Y	The policy supports addressing spatial inequalities in the delivery of digital infrastructure. The policy supports affordable and equitable access, particularly in terms of addressing E-exclusion through the 'not-spot' pilot. This is likely to support a culture of equality in future service provision, and ensure all Londoners can actively participate in opportunities, further developing a cohesive society. Ensuring fast, high quality mobile connections are maintained and providing digital infrastructure, may also benefit those working from home, such as those with less mobility, carers, parents, or those on parental leave, as well as those on low-incomes.	equal participation and social inclusion. The policy also complements policies that support the development of innovative technologies
3	Health and health inequalities		hackground to connect Reduce differentials in life expectancy and healthy life expectancy across London Reduce inequalities in physical and mental health and wellbeing		+	+	÷	I	Р	L	Low income: Y Disability: Y Age: Y Sex: N Race: N Religion: N Sexual orientation: N Gender reassignment: N Marriage & civil partnership: N Pregnancy & maternity: Y	The policy supports addressing spatial inequalities in the delivery of digital infrastructure. This infrastructure can help facilitate the delivery of digital services, which could help overcome severance, and increase access to job opportunities, health advice, education and learning, shopping and leisure activities. This is particularly important for more deprived parts of the city, and for les mobile communities. The cumulative impact of improved connectivity could contribute to improved health and wellbeing, and overall greater life chances.	equal participation and social inclusion. The policy also complements policies that support the development of innovative technologies and creative industries, which can boost economic growth.

	and security	To contribute to safety and security and the perceptions of safety		EqIA	+	+	+	I	T,P	L,GL,WR	Low income: Y Disability: Y Age: Y Sex: Y Race: Y Religion: Y Sexual orientation: Y Gender reassignment: Y Marriage & civil partnership: N Pregnancy & maternity: N	The policy supports the provision of secure digital in part of improving London's overall resilience. The pr digital security is particularly important for businesse larger) and business owners, and wider economic s city. Ensuring fast, high quality mobile connections could also benefit those travelling around the city at higher risk of becoming a victim of crime, as they we call a friend or law enforcement in case of a problem
	quality, choice and affordability	To provide a quantum, type, quality and tenure of housing (including specialist and affordable provision) to better meet demographic change and household demand	meets the needs to Londoners Increase the range and affordability of housing Promote accessible and adaptable homes, improving choice for people who require them Provide housing that encourages a sense of community and enhances the amenity value of the	EqIA	n/a	n/a	n/a	n/a	n/a	n/a	n/a	n/a
6	use	Make the best and most efficient use of land so as to support sustainable patterns and forms of development	Ensure that high densities development does not adversely impact on different groups of people Promote regeneration and provide benefits for existing communities	EqIA	?	+	+	-	T,P	L,GL,WR	Low income: Y Disability: Y Age: Y Sex: N Race: N Religion: N Sexual orientation: N Gender reassignment: N Marriage & civil partnership: N Pregnancy & maternity: N	The policy supports addressing spatial inequalities i digital infrastructure. This infrastructure can help fac delivery of digital services, help overcome severance access to job opportunities, health advice, education shopping and leisure activities. This is particularly in more deprived parts of the city, and for lesser mobil The policy also seeks to avoid reducing mobile conr surrounding areas, and ensure that sufficient duction future digital connectivity infrastructure is provided v avoid digging up infrastructure and disrupting lives in
7		To create attractive, mixed use neighbourhoods, ensuring new buildings and spaces are appropriately designed that promote and enhance existing a sense of place and distinctiveness reducing the need to travel by motorised transport	Help to make people feel positive about the area they live in and promote social integration Improve legibility and ease of use of the build environment for people with sensory or cognitive impairments	EqIA	n/a	n/a	n/a	n/a	n/a	n/a	n/a	n/a
8		To maximise accessibility for all in and around London	Improve accessibility to all public transport modes Increase equality of access to services and facilities Improve links between neighbourhoods and communities	EqIA	n/a	n/a	n/a	n/a	n/a	n/a	n/a	n/a

gital infrastructure, as The promotion of inesses (SMEs and pric security of the ctions are maintained city at night, and at hey would be able to roblem.	This policy aligns with policies that promote equal participation and social inclusion. The policy also complements policies that support the development of innovative technologies and creative industries, which can boost economic growth.
