

Homebase, Swandon Way, Wandsworth

in the London Borough of Wandsworth

planning application no. 2016/7356

This addendum sets out various factual updates, clarifications and corrections which need to be considered in conjunction with the Representation Hearing Report originally published on 9 October 2017 (GLA ref: D&P/3537a/03).

Representations to the Mayor

Since publication of the report, further representations have been made to the Mayor; a total of ten objections have been received, raising concerns regarding:

- Excessive height and visual impact;
- Homes will not be occupied, just investments;
- Impact on infrastructure;
- Overcrowding on trains;
- Lack of green spaces;
- Loss of light and overlooking;
- Smell from waste processing plant;
- Lack of car parking.

Th additional objections received do not raise any further material considerations that have not already been raised and considered in the Representation Hearing Report.

Amendments to the report

To clarify:

- Paragraph 40 should state: *“The National Planning Practice Guidance is also a material consideration.”*
